

What I heard you say is ...

Could you explain that to me another way?

I disagree with the results because ...

How do you know your answer is correct?

I don't understand ...

What is another strategy we could use to check your results?

I agree with the results because...

My strategy is like yours because...

I have a question  
about ...

Can you prove your  
results another way?

Can you tell me  
why you  
think that?

I'm still a little  
fuzzy  
about ...

I noticed  
you ...

I got different  
results because ...

I did it  
this way...

Can you tell  
me more  
about...
